### Business Controls, Inc. Appoints New President

(Denver, Colorado) April 5, 2007 — On April 4, 2007, **Steve Foster**, CPP, PCI, Chief Operating Officer was promoted to President of **Business Controls, Inc.**, a top-tier risk mitigation and consulting firm. Mr. Foster is a former law enforcement officer with over 22 years experience in **risk mitigation** and **crime prevention**. Mr. Foster's unique and diversified background brings forth a combination of crime prevention, consulting and training skills. His areas of expertise include **corporate compliance and ethics**, information security, and workplace investigations. He is Board Certified in Security Management (CPP designation) and a Professional Certified Investigator (PCI designation).

Mr. Foster is the former president of the Colorado Drug-Free Workplace Alliance and Colorado DARE Officers Association and is currently a volunteer leader and trainer serving ASIS International, the largest professional society for the security industry in the world. Throughout his law enforcement career, Mr. Foster received over 20 awards and medals for bravery and heroism. He recently led Business Controls, Inc. and its technology partner, Fujitsu Consulting, to win the 2006 Microsoft Annual Partner Award for the technology behind Business Controls, Inc.'s global employee hotline service, called MySafeWorkplace.com.

Mr. Foster has spoken throughout the United States on criminal behavior and workplace crime prevention. He is a frequent guest on television and radio. He has worked with many of the Nation's largest organizations in the development of corporate ethics and compliance programs, enterprise security strategies and emergency plans. "His courage, loyalty and enthusiasm are contagious. I know of no one else in the industry better suited to bring our organization to the next level and guide our vision than Steve," says Eugene F. Ferraro, CEO and founder.

Business Controls, Inc. is headquartered in Littleton, Colorado and specializes in corporate risk mitigation and the investigation of employee misconduct in the workplace. The firm currently delivers services to over 21,000 client locations in 81 countries. For more information, visit [www.BusinessControls.com](http://www.BusinessControls.com).
